

SONGA SHIPMANAGEMENT LTD

ENVIRONMENTAL POLICY

Songa Shipmanagement Ltd manages business in a socially and environmentally responsible manner.

We take into account all aspects of our business and the full extent of environmental impacts, in compliance with environmental regulations.

We are committed to the protection of the environment. Our objectives are prevention of pollution, promotion of a zero-spill culture on board and reduction of emissions.

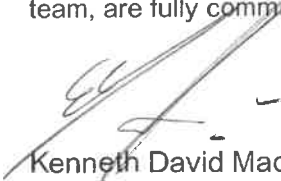

The overall objective of the Environment Policy is to ensure avoidance of damage to the environment.

The company environment system manual sets out the framework for managing our objectives.

This policy addresses the possibility of pollution from the following sources as appropriate:-

- Oil, associated products / chemicals
- Noxious Liquid Substances
- Sewage
- Dangerous Goods
- Garbage
- Ballast Water (Including the Transfer of Micro-organisms)
- Cargo Vapour and Engine Exhaust Emissions
- NOx & SOx
- Noise
- Anti Fouling Paints
- Exhaust Gas Scrubber Effluent
- Purchase and Supply Activities

Our environment policy is very important to us and the Managing Director and the management team, are fully committed to the continuous improvement of our performance.

Kenneth David MacLeod
Managing Director
